KEY PLAN

[illegible]

A diagram showing a square hole in a plate. The plate has a thickness P . The hole has a side length L . The distance from the left edge of the plate to the left edge of the hole is F . The distance from the right edge of the hole to the right edge of the plate is G . The total distance from the left edge of the plate to the right edge of the hole is $F+G-L$. Arrows indicate the direction of forces or dimensions.

P=1.08xF SIPHON PIPE SEAL TO 22°,30'
